

Bugs

#1 Keyboard input focus.

The keyboard focus drops when we type and enter something. It needs to be always on the keyboard since the start of the game.

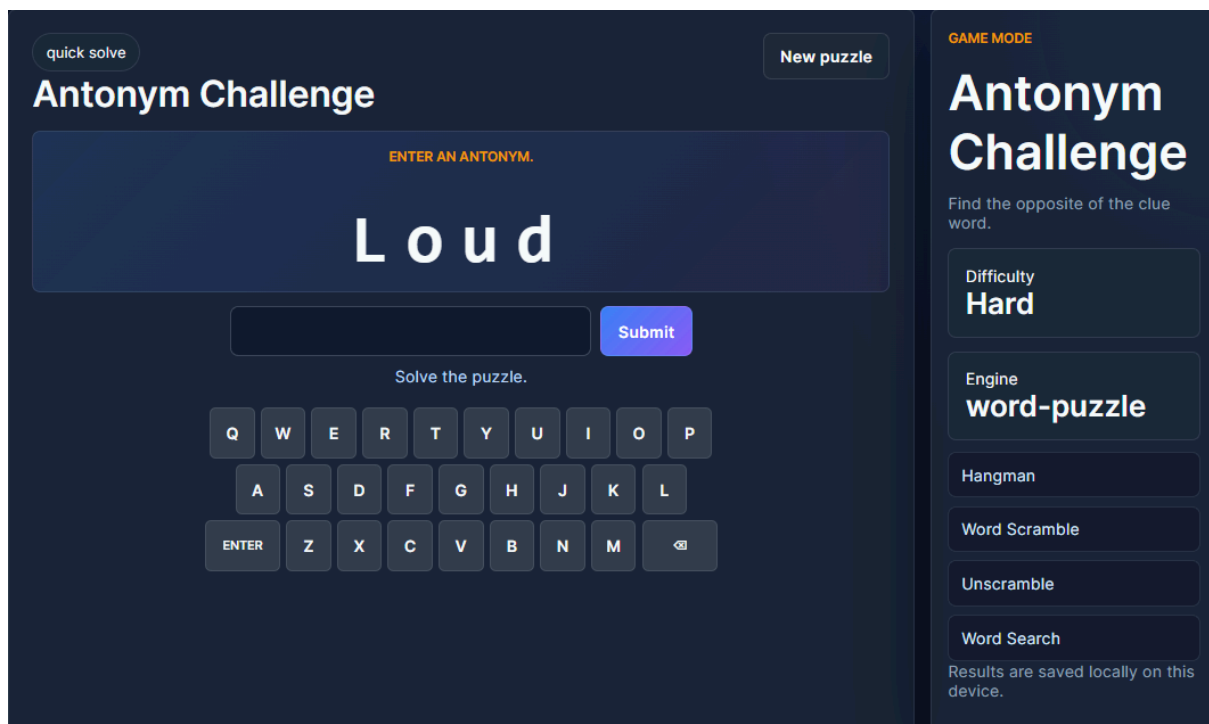

#2 Word not in dictionary

The word game does not take any word says not in dictionary even if it is a common word.

#3 Hangman does not work

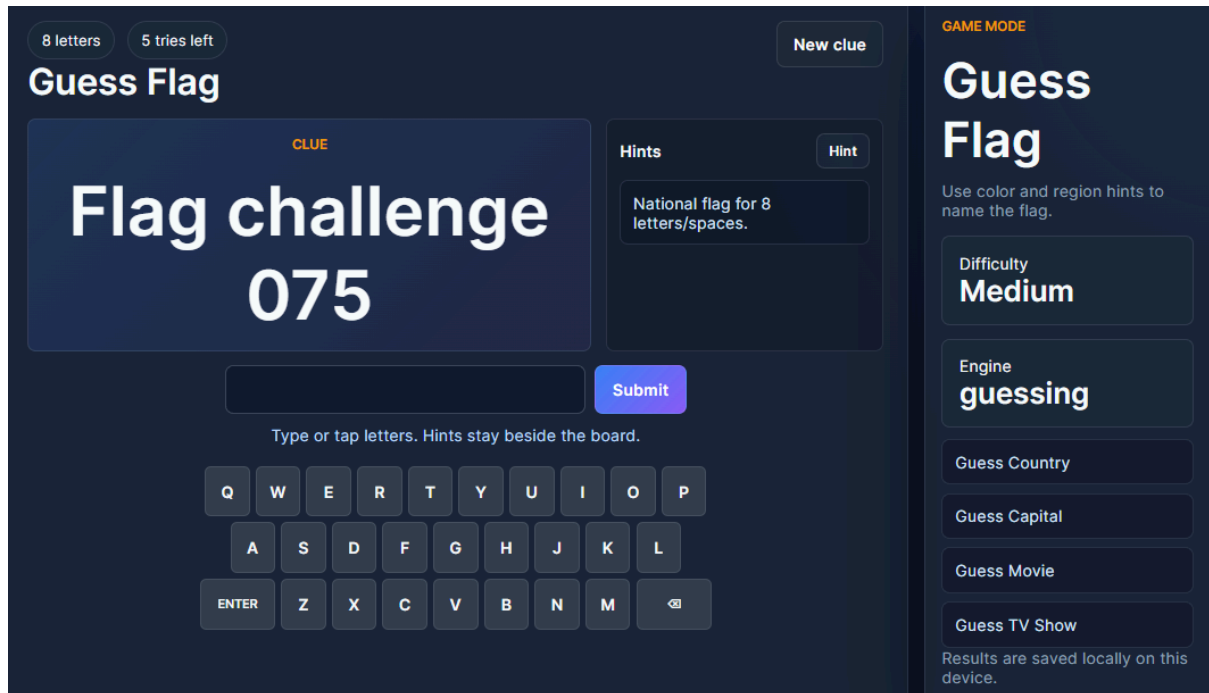

The hangman game does not respond to our inputs and the animation of the man step by step hanging does not happen it's a static image.

#4

New puzzle button does not work here in antonym and synonym.

#5

Flag challenge 075, what is that and remove that. Instead it should be like this

Remove the hint click because it will only unlock when we guess.

#8 Don't like the interface

The interface is not good it looks a bad tech website not a game website.
